Dear Paul Albers,

As of yesterday's mail no tape.

I have to go to Hyattstown this a.m. and if you sent it there I'll learn. If it comes today, I'll note receipt.

With a press conference, there might have been print press coverage, either a story or stories or reporters who took notes.

It is a strange business.

I should have asked you to please watch the Houston papers on the Percy Foreman indictment. My interest in him stems from the Ray case.

Thanks and best,

Harold Weisberg
